SUMMER CAMP

2021 Parent Handbook

Our mission is to provide a happy, healthy and rewarding summer camp experience in a safe environment. By learning to play and work together with others at camp, children will learn to appreciate, understand and value others. Children will be taught to be good followers and leaders, to accept responsibility and practice tolerance. They will gain self-esteem and self-confidence, learn from new experiences, make new friends and create memories to last a lifetime.

Riegel Ridge Summer Camp Parent Handbook

Riegel Ridge Summer Camp has a rich history serving the youth of our community as far back as 1942. With another camp season right around the corner, we can't help but look back at the past several years and all that we have accomplished. Since 2012 we have grown from a small recreational program to a fully accredited day camp. Safety and fun have always been our top priority. With a highly qualified and talented staff we strive to provide campers a day filled with activities that build confidence, character and camaraderie. Camp is an opportunity for your child to develop self-reliance and self-esteem as each camper's potential is fulfilled through interactions with fellow campers and counselors.

If you have any questions or comments, please call Jessica Neglia, Director at 908-995-9260.

We are proud to share that the Riegel Ridge Summer Camp is an ACA accredited camp!

We are only the second municipally run camp in the NY & NJ area to earn this high honor! The staff diligently worked year-round to meet these standards and to ensure that our camp is a safe environment for your children.

ACA Accreditation...What does this mean for your campers? American Camp Association Accreditation assures parents that the camp has had a regular, independent safety audit that exceeds basic state licensing requirements. Accreditation assures parents that camp practices have been measured against national standards. Because accreditation is voluntary, parents know the camp is committed to following best practices. Indeed, ACA accreditation is the best evidence that a camp is committed to providing a safe and nurturing environment for children. Summer Camp can be an important step in a child's growth and development. Ninety-six percent of campers say that "camp helped me make new friends," and 92 percent say, "Camp helped me feel good about myself." Seventy percent of camp parents say, "My child gained self-confidence at camp" (ACA, 2005). Summer camp is also an unforgettable experience that will give your child a lifetime of memories.
